

Rigged Mini Feather. Tuna, Tailor, Mackerel

This Mini Tuna Feathers is one of the latest releases from Escapin Tackle. Specifically made for guys chasing fish in close around headlands, beaches and close in reefs.

We have tested them off Tweed Heads on the Border of NSW and QLD where we have caught Trevally, Tailor, Mackerel, Small Tuna, Mahi Mahi and Kingfish. These are excellent for guys who are just starting off trolling as they will catch a lot of different species, also great for bait gathering for Marlin Fishing.

This Feather Lure is rigged with 100lb Mono Leader and a 3/0 Trolling Hook.

They are around 4inches in length.

Price: \$7.90
