

Pakula Hothead Guru. Awesome Shotgun Lure

The Pakula Guru is a long corner, long rigger and shotgun special. Its straight, tight swimming action will continue in any sea conditions at any speed. As with all lures the Guru may blow out from time to time but as Pakula Lures it will not tumble or tangle, landing perfectly every time.

An excellent trolling lure for chasing Striped Marlin and Large Yellowfin. Also is an excellent choice in a heavy tackle spread trolling for big Black & Blue Marlin.
